

If you want to print a PDF from Apple Books, you have a couple of extra steps.

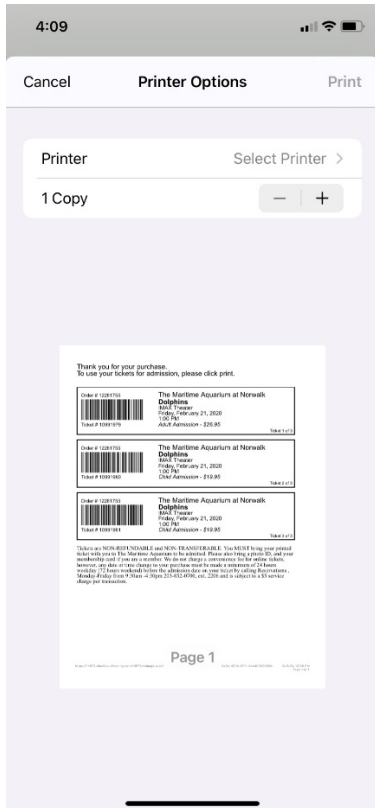

You need to get to the main menu so click on the  left arrow on the top

Select the three dots next to the right of your title on the main screen

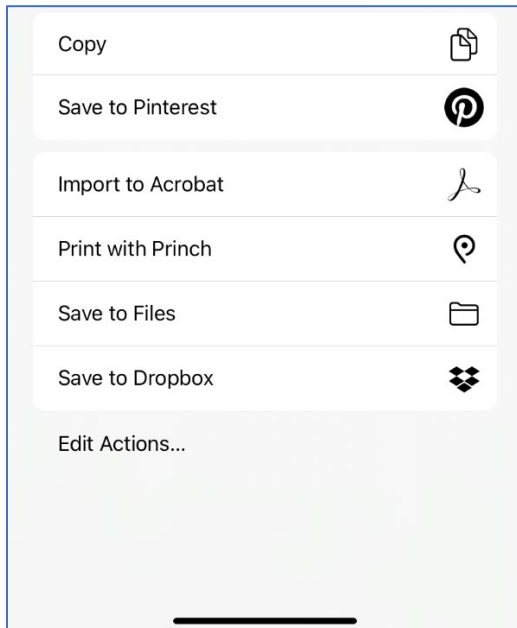

Scroll and Select "Print" from the list

Then pinch zoom on the preview image. (do not select a printer)

Select the  on the top of the screen

Scroll and Select "Print with Princh"
